The Gwelup Medical Centre has been operating since 17/3/2004.

We believe that patients come first.

Our aim is to give our patients the highest, personalised quality of care delivered in a warm friendly atmosphere.

We endeavor to provide patients with the best and most current treatments, methods, materials and equipment within our resource capabilities.

Teamwork is highly valued and encouraged within the practice to promote a harmonious and productive environment.

It is the policy of this Practice to maintain security of personal health information at all times and to ensure that this information is only available to authorised members of staff.

We do not provide individual medical advice via email. All electronic data is subject to privacy principles and no confidential information is transmitted without encryption.

We are a privately owned, RACGP accredited Clinic.

Our Clinic is well equipped and fully computerized.
